Sanford Inspire resources help teachers refine their practice and motivate students to achieve their potential. As a former TAP Master Teacher, Ruhi Khan knows what it takes to impact students. Now a faculty member who supports new teachers, Ruhi counts on Sanford Inspire resources to enhance the experience of her Teacher Candidates.

“I enjoyed my experience with the On-Demand Module. It perfectly blended a real-world scenario with relevant, active user engagement. The interface was intuitive and the length was just right. I look forward to logging back in!”

Steven Perez
Ruhi’s Teacher Candidate

“My Teacher Candidates learned how to break lesson plans apart and determine how they impact students. The resources are great because they’re something that my Teacher Candidates can come back to anytime they want.”

Ruhi Khan
Site Coordinator in the iTeachAZ program at Arizona State University
